DATA PROCESSING SERVICES AGREEMENT

This Agreement is effective January 1, 2027 between Stonebridge Ledger Services, Inc., a Wisconsin corporation ("Provider"), and Willow Crest Credit Company, a Delaware corporation ("Client").

1. Services. Provider shall host Client's transaction records, process daily account files and produce monthly statements. Client shall supply accurate input data and appoint an operational contact. Changes to the agreed processing scope require a written work order signed by both parties.

2. Term and charges. The initial term ends December 31, 2029. Client shall pay a fixed monthly service fee of $4,000 within thirty days after invoice receipt. One-time migration work and third-party charges must be approved in writing and are billed separately.

3. Client election to end services. Client may terminate this Agreement for any reason, without establishing a breach, by giving Provider sixty calendar days' written notice. Client shall pay an early termination charge equal to 25% of the fixed monthly service fees for the remaining unused term after termination. A partial remaining month is prorated by calendar days. Separately billed migration work and third-party charges are excluded from that calculation.

4. Termination for cause. Either party may terminate for a material breach that remains uncured thirty days after receipt of written notice specifying the breach. The early termination charge in Section 3 does not apply when Client terminates for Provider's uncured material breach. It also does not apply when the Agreement ends at its scheduled expiration.

5. Exit assistance. Provider shall make Client's records available in CSV format within ten business days after termination. Additional conversion work requires a separately agreed price. Client remains responsible for service fees earned before termination; no charge may be collected twice for the same service period.

6. Security and confidentiality. Provider shall restrict record access to authorized personnel and use reasonable technical safeguards. It shall notify Client promptly after confirming unauthorized access. Client owns its transaction data. Both parties shall protect nonpublic information for three years after the Agreement ends.

7. Notices and governing law. Termination notices shall be delivered by tracked courier to the recipient's principal office. Wisconsin law governs this Agreement. Neither party may amend the early termination calculation by invoice language or an unsigned work order.
