ACCOUNT PROCESSING SERVICES AGREEMENT

This Agreement is effective June 1, 2027 between Pine Harbor Systems, Inc., a Wisconsin corporation ("Provider"), and Meadow Junction Finance, Inc., a Delaware corporation ("Client").

1. Services and responsibilities. Provider shall operate a hosted account-processing platform and deliver daily transaction reports. Client shall verify source data, maintain authorized-user lists and retain backup copies of submitted files. Provider shall correct reproducible processing errors reported with sufficient detail.

2. Fees and term. Client shall pay $5,000 per month within thirty days after invoice receipt. The initial term ends May 31, 2028. Any extension must be agreed in writing. Fees for optional implementation work must be stated in a signed work order.

3. Liability allocation. Subject to Section 4, Provider's total aggregate liability for all claims arising out of this Agreement shall not exceed the service fees actually paid by Client during the six months immediately preceding the first event giving rise to a claim. Related events are treated as one event. This is a single aggregate cap, not a separate allowance for each claim. If fewer than six months have elapsed, only fees actually paid during that shorter period count.

4. Exceptions and excluded losses. The cap in Section 3 does not apply to Provider's fraud, willful misconduct or breach of its confidentiality obligations. Except for those same matters, neither party shall be liable to the other for lost profits or indirect or consequential damages. Client's obligation to pay earned fees is not reduced by Provider's liability cap.

5. Confidentiality. Provider shall use Client's nonpublic financial information only to deliver the services, disclose it only to personnel who need it, and require those personnel to protect it. Information lawfully public or independently developed without use of Client information is excluded.

6. Default and return of data. Either party may terminate for a material breach not cured within thirty days after written notice. Within fifteen business days after termination, Provider shall return Client data in CSV format. Accrued payment obligations and Sections 3 through 5 survive termination.

7. General terms. Wisconsin law governs. Formal notices require tracked courier delivery. This Agreement and signed work orders constitute the entire agreement; a work order changes the liability provisions only if it expressly identifies the affected section and is signed by both parties.
