BUSINESS SALE RESTRICTIVE COVENANT AGREEMENT

This Agreement is effective August 1, 2027 between Orchard Beacon Holdings, Inc., a Delaware corporation ("Buyer"), and Avery Vale ("Seller"), in connection with Buyer's acquisition of Seller's commercial inventory-scanning business.

1. Transaction and consideration. Seller has sold the business assets and associated customer goodwill to Buyer under a separate asset purchase agreement. Of the purchase consideration, $40,000 is allocated to the commitments in this Agreement. This Agreement concerns the sale of that business and does not establish employment.

2. Restricted activity. For eighteen months after August 1, 2027, Seller shall not own, manage, operate or provide sales or product-development services to a Competing Business within Delaware or Maryland. A Competing Business means a business providing subscription inventory-scanning software to independent grocery stores. Software serving other industries is not restricted solely because it uses barcode technology.

3. Permitted activities. Seller may hold less than 2% of the outstanding shares of a publicly traded competing company as a passive investment, provided Seller has no management role. Seller may teach, perform unpaid academic research or work for a business outside the defined market. Buyer may approve another activity in a signed writing.

4. Customer relationships. During the same eighteen-month period, Seller shall not solicit a transferred customer to replace Buyer's inventory-scanning subscription with a competing subscription. General advertisements not targeted at transferred customers do not violate this provision. This restriction does not prevent a customer from independently choosing another supplier.

5. Business information. Seller shall not disclose transferred customer lists, nonpublic pricing or source code, except where legally required. This duty does not apply to information that becomes public without Seller's breach. Legally required disclosures shall be limited to what is required, with advance notice to Buyer where permitted.

6. Duration and remedies. The activity restrictions expire at 11:59 p.m. Eastern Time on January 31, 2029; they do not renew automatically. Either party may seek remedies available under applicable law. This Agreement does not declare any remedy automatic or remove the need to establish the applicable legal requirements.

7. Law and amendments. Delaware law governs this Agreement, subject to applicable mandatory law. Amendments require both parties' signatures. Notices shall be delivered by tracked courier to the addresses designated in the asset purchase agreement. The parties acknowledge receipt of the allocated consideration.
