TERMINAL STORAGE SERVICES AGREEMENT

This Agreement is effective November 1, 2027 between Seabrook Terminal Services LLC, a Delaware limited liability company ("Terminal"), and Copper Meadow Trading LLC, a Texas limited liability company ("Customer").

1. Storage services. Terminal shall receive, store and release Customer's nonhazardous packaged lubricants at its Houston facility. Customer shall provide accurate product descriptions and shipping instructions. Title to stored goods remains with Customer. Terminal shall keep inventory records and permit reasonable inspection during business hours.

2. Fees and term. Customer shall pay $12 per pallet per month plus $4 per pallet for each receipt or release. Undisputed invoices are due within thirty days. The term runs through October 31, 2028, unless terminated earlier for a material breach not cured within thirty days after written notice.

3. Terminal coverage. Throughout the term, Terminal shall maintain commercial general liability insurance with limits of at least $2,000,000 per occurrence and $4,000,000 aggregate, employer's liability insurance of at least $1,000,000 per accident, and workers' compensation coverage as required by applicable law. Terminal shall name Customer as an additional insured on its commercial general liability policy for liability arising from Terminal's services.

4. Customer coverage. Customer shall maintain property insurance covering its stored goods at full replacement value and automobile liability insurance of at least $1,000,000 per accident for vehicles it operates at the facility. Terminal's liability insurance does not replace Customer's obligation to insure the goods. Customer shall require its transport contractors to maintain automobile coverage at that same minimum limit.

5. Evidence and changes. Each party shall provide certificates of required insurance before services begin and upon each policy renewal. Terminal shall also provide evidence of the required additional-insured endorsement. A party receiving notice of cancellation or material reduction shall notify the other within five business days. Certificates alone do not amend policy coverage.

6. Lapse and handling. If required coverage lapses, the other party may suspend affected operations until evidence of reinstatement is supplied. Suspension does not excuse payment for services already provided. Terminal shall use reasonable care in handling goods and promptly report any confirmed loss or damage to Customer.

7. General terms. Texas law governs this Agreement. Formal notices shall be delivered by tracked courier to the parties' principal offices. Amendments require both parties' signatures. Insurance requirements do not themselves establish or limit a party's liability under this Agreement.
