TECHNOLOGY LICENSE AGREEMENT

This Agreement is effective July 1, 2027 between Alder Brook Research LLC, a Delaware limited liability company ("Licensor"), and Cedar Cove Analytics, Inc., a New York corporation ("Licensee").

1. License. Licensor grants Licensee a nonexclusive license to use the specified laboratory scheduling software for Licensee's internal operations in the United States. The license does not permit resale, sublicensing or public distribution. Licensor retains ownership of the software and its documentation.

2. Fees and support. Licensee shall pay an annual license fee of $24,000 within thirty days after the effective date. Licensor shall provide business-hours technical support and maintenance releases. Custom features require a separate signed statement of work.

3. Transfer of rights. Neither party may assign this Agreement or transfer its rights or obligations without the other party's prior written consent, except as provided in Section 4. This restriction applies to transfers by operation of law as well as voluntary transfers. A transfer that does not satisfy these provisions is prohibited under this Agreement.

4. Permitted transfers. A party may assign this Agreement without consent to an entity it controls, or to a successor acquiring all or substantially all of the business to which this Agreement relates. The assignee must assume the obligations in writing, and the assigning party must notify the other party within ten business days. An assignment to an affiliate does not release the assigning party from obligations unless the other party agrees in writing. An affiliate means an entity more than 50% owned or controlled by that party.

5. Confidential information. Each party shall protect nonpublic technical and business information received from the other and use it only to perform this Agreement. These duties continue for three years after termination. Legally compelled disclosure is permitted after advance notice where lawful.

6. Term and termination. The term ends June 30, 2028 unless extended by signed agreement. Either party may terminate for a material breach not cured within thirty days after written notice. Upon termination, Licensee shall stop using the software and delete operational copies, retaining only legally required archival records.

7. General provisions. New York law governs this Agreement. Notices shall be delivered by tracked courier. No amendment or waiver is effective unless signed by the party against whom it is asserted. This Agreement does not create a partnership or agency.
