INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Agreement is effective October 1, 2027 between Moss Lantern Studio LLC, a New York limited liability company ("Assignor"), and Blue Orchard Products, Inc., a Delaware corporation ("Assignee").

1. Project and consideration. Assignor developed the original artwork, packaging layouts and editable design files identified as the Blue Orchard Spring Collection, delivered September 20, 2027 (the "Deliverables"). Assignee shall pay $18,000 within ten business days after execution. No other project is included.

2. Assignment. Upon receipt of the full $18,000 payment, Assignor hereby assigns to Assignee all of Assignor's right, title and interest in the Deliverables, including copyright, rights to modify and distribute them, and rights to pursue infringement claims relating to the assigned rights. Until payment is received, Assignee has only a nonexclusive license to review the Deliverables internally; public commercial use is not permitted.

3. Retained materials. Assignor retains ownership of its pre-existing illustration brushes, templates and layout tools ("Background Materials"). To the extent Background Materials are incorporated in the Deliverables, Assignor grants Assignee, upon full payment, a perpetual, worldwide, royalty-free, nonexclusive license to use, reproduce and modify those materials only as part of the Deliverables. Standalone resale of Background Materials is not permitted.

4. Third-party assets. The Deliverables contain no third-party images, fonts or code requiring a separate license, except the font family listed in the delivery note. That font is not assigned by this Agreement. Assignee shall obtain its own font license before commercial use.

5. Assurances and delivery. Assignor represents that it owns the rights it purports to assign and has not previously transferred them. Within five business days after payment, Assignor shall deliver editable source files and execute reasonable documents needed to record the transfer. No additional assignment fee is payable for that assistance.

6. Confidentiality and publicity. Assignor shall keep unreleased product designs confidential until Assignee publishes them. Assignor may display the Deliverables in its portfolio only with Assignee's written approval. The payment obligation and completed rights transfer survive completion of the project.

7. General provisions. New York law governs. Any amendment must be signed by both parties. Notices shall be delivered by tracked courier. This Agreement contains the complete understanding concerning ownership of the identified Deliverables and does not transfer either party's unrelated trademarks.
